Knights of Columbus
Asset Advisors

Investment Solutions
Designed for and Managed by Catholics

As a faith-based investor, we think you’ll agree that the Catholic community has traditionally been served by investment firms focused on a broad business model — not specifically a Catholic one. We believe a Catholic firm committed to Catholic values can offer a more compelling solution for Catholic institutions.

That’s why the Knights of Columbus offers investors access to its investment team — Knights of Columbus Asset Advisors.

KNIGHTS OF COLUMBUS ASSET ADVISORS

The Knights of Columbus has an established track record of growth and success with our insurance, annuity and church loan business. Knights of Columbus Asset Advisors’ team of in-house portfolio managers, analysts, traders, and sub-advisors manage total assets of $28.7 billion.

Now, through Knights of Columbus Asset Advisors, that same team provides institutional investors with the same strategic approach that has historically served the Knights of Columbus so well. And the suite of faith-based investment solutions offered by Knights of Columbus Asset Advisors is managed in accordance with Catholic moral screens.

A Way to Further Support the Church

Unlike many other investment advisors, being Catholic is part of everything Knights of Columbus Asset Advisors does. Investing through an investment advisor that shares your ideals can support your efforts to be a good steward to your own Catholic organization and faith.

In the typical model, profitability goes to an investment firm’s shareholders or partners.

With Knights of Columbus Asset Advisors, a portion of profits goes back to Knights of Columbus and supports the Catholic Church, evangelization and charity within the community.
Our Investment Approach

Our Investors with Knights of Columbus Asset Advisors benefit from our Institutional relationships that boast experienced, well-credentialed professionals across a variety of strategies. We are proud to offer the investment professionals represented by our equity division, Boston Advisors, along with Audax Group, Ranger Global Real Estate Advisors, and L2 Asset Management. The combination of these investment advisors allows for diversified portfolios regardless of the market cycle.

FIXED INCOME INVESTING

Knights of Columbus Asset Advisors’ fixed income approach is top-down sector allocation with bottom-up security selection. We focus first on formulating an allocation across sectors of the fixed income market based on our view of relative value, striving for additional yield where prudent. We break the fixed income market into two segments – corporate credit (corporate bonds) and structured credit (mortgage-backed, asset-backed and commercial mortgage-backed securities).

REAL ESTATE INVESTING

Ranger Global Real Estate Advisors is the subadvisor for our domestic real estate strategy. The strategy seeks to invest in real estate investment trusts that allow for liquidity, current income, and diversification given its historically low correlation to stocks and bonds. The approach emphasizes fundamental analysis that focuses on high-quality, growth-oriented liquid real estate companies with top-tier management teams and strong balance sheets that focuses on generating attractive total returns with market-level risk.

EQUITY INVESTING

Boston Advisors, KoCAA’s equity division, manages three actively managed domestic strategies and our sole international strategy. Boston Advisors approaches equity investing by looking at companies in two ways — quantitatively and fundamentally. This hybrid investment approach combines sophisticated, proprietary quantitative modeling with a fundamental overlay. During the fundamental review, portfolio managers collaborate to interpret data, market environment, and valuation information.

QUANTITATIVE INVESTING

L2 Asset Management is the subadvisor for the Long/Short Equity and U.S. All Cap Index strategies. The long/short equity strategy contrasts many typical equity funds given its ability to buy and short securities, which attempts to capitalize on both strong and weak companies. Separately, our U.S. All Cap Index strategy allows investors to gain exposure to the market at a low-cost relative to our actively managed strategies.

Faith-Based Investment Solutions

Knights of Columbus Asset Advisors offers a suite of faith-based investment solutions that comply with Catholic teaching.

SEI Investments Company is not affiliated with Knights of Columbus Asset Advisors or Herald Investment Marketing LLC.

Before investing you should consider the funds’ investment objectives, risks, charges and expenses carefully before investing. This and other information can be found in the funds’ full or summary prospectuses, which can be obtained by calling 1-844-KC-Funds or by visiting www.kofcassetadvisors.org. Please read the prospectus carefully before investing.

Mutual fund investing involves risk. Some mutual funds have more risk than others. The investment return and principal value will fluctuate and shares when sold may be worth more or less than the original cost. Asset allocation and diversification do not assure a profit or protect against loss in declining markets. There is no guarantee a Fund's objectives will be achieved. The risks associated with each fund are explained more fully in each fund's respective prospectus. Investors should consult with their attorney, accountant, and/or tax professional for advice concerning their particular situation. Past performance does not guarantee future results.

Mutual Funds are not insured by the FDIC or any other federal government agency, may lose value, and are not a deposit of or guaranteed by any bank or any bank affiliate. The information contained in this brochure is not intended nor should it be construed as investment, tax, financial, accounting or legal advice. Current and prospective institutional clients should seek such professional advice for their particular circumstances.
